What: (is/for)
Else 5 times

Why:
Why(what)
Why 5 times

How:
How (what)
How (why)

Where:
Where (what)
Where (why)

When:
When (what)
When (why)

Who: (is/for)
–Who is involved on (what/why)?
–Who else?

Take patterns and make unit tests

First understand the system, then modify it

Problems:
1. Understand the problem
2. Get the cause of the problem
3. Create the scenario to recreate the problem
4. Work on solutions

While reading:
–"In other words"
–Make a question for each verse/line you read
–Use "Example"

English warmup: Speak in Spanish translate to english
